Core Service Areas

Event Design, Management and Technical Support

We provide end-to-end event solutions that bring ideas to life — from concept development to flawless execution. Our event services include:

Event Design & Set Up

Stage design, booth fabrication, décor, lighting, PA systems, LED panels, livestream integration.

Audio Visual Production

Technical support, high-definition video, sound systems, event coverage and streaming.

Event Coordination & Support

On-site management, vendor and guest coordination, logistics oversight, and post-event reporting.

Vendor & Guest Management

RSVP and ticketing, hospitality, vendor contracts, service quality assurance.

Simultaneous Interpretation (SIE)

ISO-compliant interpreter booths, multi-channel audio systems, professional interpreters, and technical integration for multilingual events.

“

We've successfully supported conferences, summits, high-level forums, exhibitions, corporate events, marathons, and gala dinners.

Public Relations & Communications

We help organizations amplify their voice, build trust, and strengthen relationships with their audiences through tailored communication strategies. Our PR & Comms services include:

- Media relations, press briefings, and publicity campaigns
- Strategic corporate communication planning
- Stakeholder and community engagement
- Crisis communication and reputation management
- Digital communication and social media strategy
- Executive speech writing, editorial content, and publications

“

We combine traditional and digital media approaches to create consistent, compelling narratives that resonate with audiences and stakeholders.

Creative Design, Branding and Digital Solutions

We craft visually compelling brand stories that elevate visibility and inspire engagement. This services include:

- **Creative Design** – Logos, brochures, posters, motion graphics, campaign creatives, corporate collateral.
- **Branding** – Strategy development, visual identity systems, rebranding, campaign and event branding.
- **Website Development** – UI/UX design, responsive and secure corporate or campaign websites.

“

We ensure visual and brand consistency across all touchpoints — digital, print, and experiential.

Photography, Videography & Livestreaming

We provide professional event and corporate content creation that captures moments and communicates.

- Live event coverage and promotional shoots
- Documentary and storytelling production
- Corporate interviews and brand videos
- Livestreaming services for hybrid and in-person events
- Professional editing and post-production

“

Our team uses high-quality equipment and creative direction to deliver crisp, fabulous visuals.

Data Analysis & Visualization

At GDC, we believe that data tells stories — and we help organizations bring those stories to life.

- Data collection, cleaning, and statistical analysis
- Interactive dashboards (Power BI, Tableau, Excel)
- Custom infographics and data-driven communication
- M&E and research visualization
- Data storytelling for decision support and stakeholder reporting

“

We have far-reaching experience working with development partners, governments, and corporate clients, translating complex data into accessible insights for powerful action.

Consultancy & Research

Through our Consultancy Unit, we provide tailored advisory services that support sustainable development, private sector growth, and strategic transformation. Key areas include:

- Manufacturing advisory & process optimization
- Climate change & renewable energy
- Public sector consulting
- Market intelligence & business strategy
- Project management & resource mobilization

“

We collaborate with sector experts to provide research-based, solution-oriented support.

Why GDC

- Proven experience delivering for governments, corporates & development partners
- Strong technical and creative team with cross-cutting expertise
- Integrated approach combining strategy, execution, and communication
- Reliable vendor network and quality assurance
- Flexible solutions tailored to client needs

“
